## Professional Summary

Driven and detail-oriented Computer Science and Engineering student with strong knowledge in web technologies, Python, C, C++, and Java. Skilled in SQL querying, problem-solving, and cloud computing. Passionate about emerging technologies, eager to contribute to innovative projects, and committed to continuous growth while enhancing technical expertise in software development.

## Education

Bachelor of Technology in Computer Science | CMR University, Bengaluru  
GPA: 8.84  
Expected Graduation: 2028

## Experience

### Generative AI Mastery Workshop

- Gained hands-on experience with Generative AI frameworks, multimodal AI applications, and large language models (LLMs).
- Explored AI use cases in automation, content generation, and decision support.
- Strengthened understanding of ethical AI practices and responsible AI deployment.

## Projects

### Responsive Website (In Progress)

- Developing a responsive website using HTML, CSS, and JavaScript.
- Focused on modern design principles and cross-device compatibility.

## Skills

### Technical Skills:

- Programming: Python, C, C++, Java
- Web Development: HTML, CSS, JavaScript
- Databases: MySQL
- Tools & Platforms: Google Cloud Platform, Model Context Protocol

### Soft Skills:

- Quick Learner | Problem-Solving & Analytical Thinking
- Effective Communication | Team Collaboration & Leadership
- Creativity & Innovation | Adaptability
